

This is the third in a series of repeated calls. They are done by automated calls. After the second series, a call actually came through and I asked them to remove my name from their list. This time there were 5 calls in last 3 days, none of which I was able to get to the phone in time to answer. The number showing from is 314-216-3690 for Americall Group I. Thank you for your assistance.
